

POST-CLEANING/DISINFECTION VERIFICATION & CLEARANCE

ALC offers a comprehensive range of Industrial Hygiene and Environmental Health & Safety Services. Assisting employers in small shops and large corporate facilities alike, our team of experts provides reliable solutions to your specific problems and needs.

In response to the ongoing COVID-19 pandemic, ALC's specialized team of scientists, environmental health professionals, technicians, and safety personnel are under the direction of our in-house Certified Industrial Hygienist to assist and support you.

OUR SERVICES INCLUDE:

- COVID-19 Cleaning Plans
- COVID-19 Testing
- Remediation/Cleaning Contractor Oversight
- Post-cleaning Verification and Testing

OUR TESTING SERVICES PROVIDE:

- On-site Real Time Results
- ATP Surface Testing
- COVID-19 PCR Testing
- Testing by Industrial Hygienists
